Felicitation of Chief Guests

The Bahishal Session was attend by all the BSc nursing and PBBsc nursing students of our institute.

The first session was started by Mrs. Hemlata with her topic Tree and Water Conservation. She begins her session about save tree and use of water .Healthy soil is essential for water conservation and management, and trees play a vital role in maintaining it. Trees help prevent soil erosion by acting as a natural barrier against heavy rainfall, reducing the impact of water droplets hitting the soil surface and preventing runoff.
